## 1. NAVAL SPECIALIST SCHOOL:

The school is located in the large group of buildings to the west of the town of USTKA. During the war this area was formerly occupied by the German HERMANN GOERING TANK DIVISION.

classes for the following specialists were conducted there:

25X1

- a. Radiomen
- b. Quartermasters
- c. Mine personnel
- d. Telephone men
- e. Typists
- f. Sonar personnel

the sole recruit training camp for the entire Polish Navy was also there. A volunteer or inductee received his first basic training in this installation.

a radar antenna was located at 167 - 479 on map. It reportedly is the same radar that formerly was at WIECKO MORSKIE

4. OLIWA POLISH NAVAL HOSPITAL: [redacted] The main Polish Naval Hospital which is located in the edge of a forest approximately one kilometer SSE of the town of OLIWA. The hospital consists of 5-6 buildings. Another building was reportedly under construction. Twenty or more doctors were attached to the hospital. [redacted] the number of beds to be approximately 100. Dentists, oculists, and other medical specialists were there. X-Ray facilities were available and [redacted] penicillin, streptomycin, etc. were also available. A few of the doctors were pre-war Naval medical officers while others had recently entered the service from civilian life. An individual's medical record was on file in the office of the division surgeon at OKSYWIE Airfield. A daily bus run was made from GDYNIA to the hospital to transport patients back and forth. [redacted]
